I am delighted to be involved with my community and specifically BARR. I understand that as a BARR volunteer I may be working with, on and around large animals AND that there are inherent dangers and risks involved. I understand that I will be asked to "work", which may include lifting hay bales, feed sacks and rocks, pounding posts, operating equipment and other general ranch duties. I understand that training in all of these areas will be provided. I will try, to the best of my ability, to have fun and enjoy my time here. I will respect the animals and staff and my fellow volunteers.
